Memo

To: Planning Board

From: Peter E. Rowell, Building Inspector

CC: Board of Selectmen

Date: January 15, 2013

Re: Growth Control Ordinance

I have determined that the total number of new dwelling units allowed in 2013 will be

47.

I have reviewed the number of existing dwelling units as shown on the 2010 US Census and the number that will came forward from 2012 and find that we have reached the **47** max allowed by *Rye Zoning Ordinance Article IX Growth Management section 901.3.*

2825 Number of units found by the US Census in 2010

2871 Number of units in 2013, corrected on by the new units constructed in 2011 & 2012

90 Number of units allowed 1.75% x 2871 + 40 [carryover from 2012]
