

## Rye Recycling Education Committee

The Selectmen have approved the creation of a Rye Recycling Education Committee (RREC). The charge is: **To educate Town residents on recycling and maximizing the effectiveness of the Town's source separated recycling drop-off facility at the Transfer Station.**” “Source separated recycling drop-off” just describes the way we presently recycle. This committee will operate as a subcommittee of the Rye Energy Committee. We are looking for residents who are interested in how Rye recycles and who want to make sure we are doing the best we can for our community by educating everyone on the importance and benefits of recycling. If you are interested in joining or would like additional information, please contact Susan Anderson at [sorazi3@comcast.net](mailto:sorazi3@comcast.net)
